

YOSRI BOUABID

FULL STACK DEVELOPER

Tunisia, Ben arous
yosribouabid@gmail.com
+21655384895

PROFILE

Full Stuck Web Developer, Recent graduated. Currently working in an internship as back-end developer, to establish my skills and abilities even more. Highly organized multitasking with expertise in scheduling projects, enhancing designs and verifying code.

PROFESSIONAL EXPERIENCE

02/2022 - Currnet Back-end Developer at Heroi

- Developed and maintained an authentication API for the web site using Golang.
- Involved in DB design and writing the SQL scripts to create DB using PostgreSQL and MongoDB.
- Developed the Rest Services, and wrote the Unit testing for the application.
- Implemented robust security and data protection measures.
- Cooperated with front-end developers and other team members to design more cohesive and functional feature for the web site.

01/2022 - 02/2022 Full stack developer at Dope-Stickers

[Link](#)

- Designing the front-end architecture and the UI using ReactJS, and ensuring a responsive design.
- Developed unit test cases for testing and automation.
- Developing the APIs for the back-end using NodeJS.
- Creating servers and databases for functionality, while meeting both technical and consumer needs.

09/2021 - 10/2021 Mayday Academic project

[Link](#)

- Used NodeJS to implement a custom Restful API for the database
- Accomplished the connection between React app and the API
- Invoked React promises for asynchronous routing and calls to the Restful API.
